

HANGAIR COURSE RULES - MANDATORY FOR MEMBERS OF HANGAIR SPORTS CLUB, o.z.

1. Hangair courses are divided into two categories: "Morning exercises for parents with children" and "Afternoon action sports courses."
2. Morning exercises for parents with children operate in two intervals: a 1-month interval and a 5-month interval.
3. The course start date is set as the first day of the course, as published in the course schedule on the website www.hangair.sk/kurzy or as the first available lesson after registering for the course (whichever comes first).
4. Afternoon action sports courses run on a 5-month interval.
5. The 1-month interval begins on the course start date and lasts until the end of the month in which the member joins the course.
6. The 5-month interval follows a precise schedule of lessons, which is provided on the website www.hangair.sk/sportovyklub.
7. It is possible to enroll in the Sports Club during an ongoing interval. Club members will be charged for the remaining lessons until the end of the interval.
8. Upon canceling the membership in the Sports Club, there is no entitlement to a refund of paid costs for ordered member training sessions.
9. In case of membership, a member is entitled to replace missed training sessions under the following conditions:
 - Absence from the training must be reported before the start of the lesson, exclusively through the paysy.sk system, within the specified period.
 - Training can only be replaced within the paid interval, either the 1-month or 5-month interval (for example, after January 31, 2024, it won't be possible to replace missed training sessions from months before this date; if you miss 3 weeks, let's say 3 Monday training sessions, you can replace them in one week on Tuesday, Wednesday, Thursday, or Friday).
 - Training can be replaced with a course of the same focus, taking into account the age of the Sports Club member.
 - Training can only be replaced if there is sufficient capacity in the given course.
